

## Citizen of the Year - 2018

### **Meagan Brockmeier**

Meagan is active in our community and has done a lot to support local businesses. I think she represents Berthoud in a very positive way and is helping to develop the Young Professionals Group.

### **Bill Gilmore**

Bill is always there with a lending hand. He is a “very” giving person that loves this community.

### **Ken and Jan Grack**

They volunteer for EVERYTHING and do so with a kind, generous and loving attitude.

### **Steve Mulvihill**

Steve served a great service to our community as mayor. He was always available informing the citizens honestly about the Town business and still follows very closely the Town government.

### **Amie Pilla**

Amie is such a valuable person in our community. As the CEO of the Library and the President of the chamber, she gives so much of her time and expertise. She has helped elevate the library and the chamber to be more efficient, professional and productive. Pilla’s calm and collected demeanor makes it a pleasure to work with her.
